

He Will
By Geoff Lawn

**He will deliver the needy who cry out
The afflicted who have no one to help
He will have mercy on the poor
And save them from death**

Chorus

He will rescue them x2

**Well he looks down from heaven
He sees those who are crying
And he fly's down, sits next to them
He holds them close to his heart**

**He will be like rain from the sky
Like showers watering the earth
The defender of the poor
The deliverer to those in need
He will rescue them x2**
