

# **Mystery**

By Geoff Lawn

**And I just want to say  
Life with you is an adventure  
All the good things you give  
And I want you to shine  
Light up the world around me  
The lamp that burns inside**

## ***Chorus***

**The great mystery of all time  
God in us God with us  
His Spirit lives inside  
We're walking in the light**

**Walking each day in the search of his promises  
Living in the truth  
Lifting up my hands  
And asking for your power  
To walk the road ahead**
