

Needing You

By Geoff Lawn

**It's another cloudy day
Though the sun is shining
I cannot see you
Sunny day and I'm in the shade**

**I need to see you, I need to hear your voice
I need to feel you, I need to know you're near
Break into my day**

Chorus

**I am needing you my Lord
Right now I am finding it hard
God you have been good to me
In my darkness you have been a friend
I open my heart and wait for you
Touch me God I want to know you more**

**The clouds are clearing
The storms beginning to break
The sun's appearing
The light is shining on my face
Break into my day, shine your light again
I can hear you again, I can see you again
Break into my day, shine your light again**

**You lift me to my feet again
You give me the strength to carry on
I take a step another step
Moving forward I want to walk with you
I want to walk with you**

**Thank you for hearing me
Thank you for helping me
Thank you for loving me**
