

Needing You

By Geoff Lawn

B
It's another cloudy day, though the sun is shining
E B
I cannot see you, sunny day and I'm in the shade

B
I need to see you, I need to hear your voice
E
I need to feel you, I need to know you're near
B
Break into my day

Chorus

A
I am needing you my Lord
C#m B C#m
Right now I am finding it hard
A
God you have been good to me
C#m B C#m
In my darkness you have been a friend
A
I open my heart and wait for you
C#m B C#m
Touch me God I want to know you more

B
The clouds are clearing, the storms beginning to break
E
The suns appearing, the light is shining on my face
B E
Break into my day, shine your light again
B E
I can hear you again, I can see you again
B E
Break into my day, shine your light again

A
You lift me to my feet again
C#m B C#m
You give me the strength to carry on

I take a step another step
C#m B C#m
Moving forward I want to walk with you
A B
I want to walk with you
Thank you for hearing me
Thank you for helping me
Thank you for loving me
