

Wonders

By Geoff Lawn

**And the wonders of
Your never-ending love
And the wonders of
This love that changed my life**

**And I'm thankful that you are so merciful
And I'm thankful that
Your love has changed my heart**

Chorus

**You are the same today and for tomorrow
Yes I can trust you and yes I will follow**

**And I want to serve you
For you are my king
And I want to live every day for you
For you've called me out, separated for your will
And to shine as you shine, love as you love**
